A+ Achievement

Casey Wilcox graduated from the Surgical First Assistant Program at Meridian Institute of Surgical Assisting on July 31. The program contained three phases. Phase 1 was a year of 13 core classes related to surgery, the operating room, and assisting in surgery. Phase 2 was on-site training in Nashville, Tennessee, for Applied Science Lab. This included 60 hours of training over a five day period where students complete course work and perform surgical procedures on anesthetized pigs. During Phase 3, Casey was responsible for providing documentation of assisting in 140 surgical cases with a board certified MD or DO at MDH. Following graduation, Casey took the certification exam through the National Board of Surgical Technology and Surgical Assisting (NBSTSA) and is now a Certified Surgical First Assistant (CSFA). Congratulations on this accomplishment, Casey!

On August 13-16, 2019, MDH participated in training held in our auditorium for a non-violent crisis intervention program. Crisis Prevention Institute (CPI) taught four MDH employees and two from outside MDH to be instructors for their program. Those from MDH: **Paula Duncan, Laci Zurek, Lois Kissinger, and Jessica Prather.**

Since 1980, over 10 million professionals have participated in CPI's Nonviolent Crisis Intervention training program. The course focuses on a range of prevention strategies, de-escalation skills, and communication skills. Some MDH employees will be completing this education online. Those that will require the additional physical intervention skills will be participating in classroom education as well.

CPI training for MDH employees will be held monthly. Secure trained staff will be required to take CPI within one year of completion of their last Secure course. Contact Staff Development for any questions.

Thank You

I recently had left total knee replacement in Springfield because of my rare blood clotting disease. The doctor ordered home health the first two weeks. MDH Home Health Care is excellent. Susan Briggs came daily for blood work, and her IV skills are excellent-my veins appreciated that! Home Health Physical Therapy set up an exercise program I could do until I was able to start physical therapy at the hospital. I can't say enough about Alicia and the anti-coagulation clinic, she spent hours coordinating with Springfield, doing research, and starting a plan weeks before surgery. Thank you to Dick, Scarlett, and Patty who always offered to park the car and take me to PT even if I said, "I have to do this myself to get better". Lawrence has been my main therapist but they are all amazing. I also don't want to forget Lab, they have been drawing my blood for years and they are always so good. Lori always welcomes me with a smile.

Lastly, I want to thank my coworkers for covering my time off with extra call, etc. A shout out to Kim Williams, Linda Dixon, and Judy McKee who came by my home to check on me. I am blessed to work at MDH and to have received great care from every department.

Thank you,
Marty Frier

Healthcare Worker Flu Vaccination Time!

2019-2020 Flu Season:

Per IDPH, only healthcare workers with a medical or religious reason may waive vaccination. Those healthcare workers with medical or religious exemptions will be required to complete documentation and will wear an MDH-provided surgical mask for their protection starting October 16. Vaccination, proof of vaccination, and waiver documentation will be due by October 15.

Vaccinations will start Tuesday, October 1, or sooner if possible. Clinics and mobile carts will be offered at various days and times. As in previous years, Leaders may also request a department visit. For those needing vaccinated before October 1, or more information, please contact Infection Control at ext. 13313.

APPLE Winner August 2019

Please join in congratulating **Taylor Getz**, Clinical Analyst for Information Systems, on being named the recipient of the MDH APPLE Award for August 2019. APPLE stands for “Achieving outstanding Performance in Patient care, Leadership, Loyalty and Enthusiasm for MDH”.

Taylor received her Associates in Nursing from John Wood Community College in May 2014. She then received her Bachelors in Nursing from Southern Illinois University Edwardsville in May 2017. Taylor worked as a Registered Nurse at Memorial Hospital in Carthage, Illinois, prior to working at MDH. She joined MDH on July 9, 2018, as the Hospital Clinical Analyst.

Taylor Getz

Taylor has been pivotal in creating, updating, and maintaining order sets with Cerner. She assists with fixing charging issues and is willing to take the time to teach others how to enhance their skills in Cerner. Taylor is quick to learn new concepts and is always willing to take on new projects. She is willing to invest the time and effort to resolve issues the first time.

Taylor works well with the MDH staff to quickly identify, resolve, and communicate issues. She always keeps quality patient care in the forefront when working with providers and clinicians. Taylor constantly answers the phones with a positive attitude, and she always has a smile on her face.

Her nominator explains that Taylor has really changed the game for the Pharmacy department. She is willing to take the time to teach how to do different Cerner tasks. Taylor takes the time to investigate the issues and solutions when having Cerner issues. She is prompt and very friendly. Overall, Taylor is helping keep our patients safe and well cared for, as well as taking care of her customers throughout the hospital who use the Cerner system.

Taylor is married to Dylan and they have one child, Layton. She enjoys spending time with her family, being a mom, and doing outdoor activities.

The Centers for Disease Control recommends age appropriate vaccination for the flu. Two flu vaccines will be available – one for ages 18-64 and another for ages 65+.

Flu shots are available for the general public to anyone **18 years of age or older**. Participants are asked to wear a short sleeve shirt as all shots are given in the upper arm.

There is no out-of-pocket charge to the Medicare Part B recipient. Persons with Medicare Part B must present their Medicare card, and MDH will bill for this service. The flu shot is \$35 for ages 18-64 and \$60 for ages 65+. Participants may pay with cash, check, or credit card, including Mastercard, Visa, and Discover.

For more information, call MDH Home Health Care at (309) 836-1544.
