Dedicated to raising funds to support patient care and comfort at McDonough District Hospital.

support • service • strength

Who We Are

Established in 2004, the McDonough District Hospital Foundation is a nonprofit 501(c) (3) organization dedicated to raising funds to support patient care and comfort at MDH.

Mission

The mission of the MDH Foundation is to cultivate philanthropic relationships that enhance the hospital's ability to fulfill its vision.

Vision

Nothing is more valuable than good health. It is the fundamental condition that underlies a good quality of life. The MDH Foundation seeks to advance healthcare resources, availability, and technology by identifying individuals, corporations, organizations, and foundations capable of making gifts and grants which support MDH's commitment to providing exceptional healthcare services. The Foundation creates opportunities to educate prospective donors about the hospital, involves them in the hospital's mission, solicits contributions, and recognizes the generous support of all its donors.

Why a Foundation?

MDH is a not-for-profit organization that has not taxed the community since 1989. There are no owners or shareholders who profit from operations. MDH serves everyone regardless of their ability to pay. Through the years, the delivery and funding for healthcare services has changed dramatically due to rapid advances in technology, expansion for needed services, and fluctuating levels of state and federal reimbursement.

The MDH Foundation was formed to assist the hospital in providing strong support to continue the tradition of caring.

Our Support

The MDH Foundation is made up of four main committees: Golden Apple Society, Planned Giving, Business Relations, and Annual Support.

Each of these committees conducts programs that communicate, cultivate, solicit, and recognize the specific healthcare needs of the community.

Golden Apple Society Committee

Golden Apple Society Committee members plan, propose, initiate, recruit, and support membership and activities. Members are individuals who pledge \$10,000 and above to MDH.

Planned Giving Committee

The Planned Giving Committee consists of attorneys, trust officers, accountants, etc, that conduct educational programs and provide opportunities to increase awareness of the benefits of making a planned gift to MDH through a will, trust, life insurance policy, or other similar form of gift.

Business Relations Committee

Made up of business leaders, the Business Relations Committee assists in the development of relationships between the hospital and area businesses. They conduct programs designed to provide communication and service to businesses in our community:

- CEO Roundtables – A presentation and open discussion with the area business leaders and government officials about "What's Happening at MDH" by the President/CEO of the hospital
- Business Honor Roll – Businesses that provide financial support to MDH on an annual basis
